U. F. W. A. Hold Annual Meeting

Meeting at the home of Mrs. Elsie M. Stevenson on Thursday, the local U.F.W.A. held their annual meeting, which included the election of officers for the coming year, a good attendance was present, and a very enjoyable and profitable afternoon was spent, concluding with refreshments.

The election of officers resulted as follows:—

President—Mrs. M. R. Woolf, who after years of efficient service in the Presidential chair, was re-elected.

1st Vice Pres.—Mrs. Maurice Cooper.

2nd Vice Pres.—Miss Cleo Zemp.

Rec. Treas.—Mrs. Geo. Romeril, who was also re-elected, after efficient service for the past year as Secretary.

The Executive will be appointed by the officers at subsequent meeting.

The program of the afternoon included:

Demonstration of Making Silk Rugs by Mrs. Verna Phillips.

Modern Version of "Maud Muller," by Mrs. Ben Peterson.

Original "Maud Muller," Mrs. Geo. P. Anderson.

"Comic Song in Costume," Mesdames Roy Nalder and Athol Cooper.

The report of the auditor of the past year was presented by Mrs. M. R. Woolf, President, and Mrs. Geo. Romeril, Secretary, both of which were accepted.

Stafford Wilson of Fernie, was instantly killed on the Elko road Saturday about midnight, when his car went over a bridge and dropped about twenty feet into the creek. Wilson apparently was instantly killed, and Brown, of Crow's Nest, who was riding with him, was injured quite seriously and was taken to the hospital in Fernie for treatment.

HOOP PLAYOFF DATES LISTED BY HARDWICK

TENTATIVE SERIES IS ARRANGED WITH ALBERTA PLAYING IN BRITISH COLUMBIA

Tentative dates for western Canadian basketball championships final schedule to be issued on December 15, were announced here last night by W. H. W. Hardwick, vice president of the Canadian Basketball Association. They are:

Thursday Bay at Manitoba on April 1 and 2, winner to play Saskatchewan, April 4 and 6. Winner of this series will play Alberta (1) on April 8 and 10 if the Alberta winners are on a railway mainline or (2) on April 11 and 13 if the Alberta winners are on a railway branch line. The winners of this series will play British Columbia on April 13 and 15 and, if a third game is necessary, on April 16, for the western Canada championship. This series being for the best two out of three games. The other series will all be for total points in two games.

While the western series is being played there will be a similar series in the eastern division beginning at Nova Scotia and finishing in Ontario.

The winners of the eastern Canadian championship will meet western champions in a three out of five game series for the Dominion senior championship during the week of April 22 to 24.

These dates are tentative and the final schedule will be issued on December 15.

Please Folks!

Dear Subscriber, the small sum of two dollars or so, that you owe for your subscription to the Recorder doesn't mean much to you, and if there only one, it would not mean very much to us, but by the time you multiply this \$2. by 100 or more, it amounts to a good sized sum, and like all humans, we need this money bad. Won't you help us out.

We have tried to do our share in giving you a paper that contained a good part of the local happenings in the news columns, timely and interesting messages from the business houses in the advertising columns, and something in the way of an occasional mirth provoker in the cartoons, etc., that we have had. At least we have put out a paper each week. This represents an outlay in paper, ink, electricity, and time, which represents far more per unit than the subscription cost, consequently we feel that we are only asking for our just dues, when we appeal once more for you to come in and pay up.

Put yourselves in our position and see if you would not feel that your subscription should be paid willingly and without waiting?

News Notes

Mr. and Mrs. Jas. Hamling of New Dayton district were Raymond visitors Thursday.

Primary Conference was held in the First Ward Sunday last a nice program is reported.

Bishop Walker spent Saturday and Sunday, out of town not getting home until Sunday night.

Vernon Scott of Barber-Elis Ltd., Calgary, visited the Recorder Office this week.

Lee Brewerton was a business visitor in Calgary this week, driving through in his car. It was no picnic getting home in the snow, although the trouble was experienced.

Good progress is being made on the apartment house of Brewerton's on the corner opposite Mrs. McCratthy's home. Brick work is progressing rapidly.

Householders have been busy the past week or ten days replenishing coal bins. Appearance point to a rather short winter, because of the long mild spell we have enjoyed.

After a beautiful day Thursday, the thermometer took a nose dive, and sun up Friday morning found the snow frozen hard again, and the day quite nippy.

Jackie Cooper will touch your heart as never before in "Pecks Bad Boy," starting with Thomas Meighan. See it at the Capitol Friday or Saturday. Bring an extra handkerchief if you are given to sentimentality.

Hon. F. R. Gisdale has named the members who will draft the scheme for the Alberta Live stock Marketing code, and among them are: W. C. McKenzie, George Ross, R. P. Glickrist, Stouffer Lunn, George Miller, Fulton Thomson, Charles McKinnon and Harold P. White, all well known and successful stockmen of Southern Alberta, which ensures that interest of stockmen in the south will be well and capably looked after.

"The Patsy" Delights Fair Crowd

"The Patsy," the three act comedy drama presented in the Second Ward Chapel on Friday evening last, was all that could be desired, and the only regret is that a better crowd was not on hand to see the offering. Hours of study and rehearsal had gone into the preparation of the show, besides a great deal of effort in the gathering of properties, and it was rather discouraging to the players to have so small a crowd when the curtain went up.

To single out any individual player as the star of the evening would be impossible. And of course while some players had heavier parts than others, each

and everyone fit into the cast almost perfectly, and gave a splendid interpretation of a drama where one of the girls received all of the "breaks," against the desires of her sister, until dad took a hand and put things right.

For the benefit of those who did not get to Friday night's performance last week, the show is being repeated Monday evening, November 26th in the Chapel, at reduced prices of 25c, and everyone may again have the opportunity of seeing this splendid drama. Be on hand and enjoy the evening, as well as helping the funds for the

Raymond Basketball Is Well Organized

The local athletic association for the two league teams to be has again taken charge of the present the town. Officials are Opera House and have plans for the winter well in hand, all who can, will turn out for Basketball officials have been appointed as follows: Union Jacks, Rayo Woolf, Manager; Cliff Nalder, coach, Raymond Idlers, Lloyd McPhee, manager, John O'Brien, coach, Ross Humphries and Chas. Fawcett will be managers of the building, and will draw up schedules and time tables for practices and all events in the building.

A town basketball league will be organized, and from this team material will be gathered

Parent Teachers Re-organized

Holiday Planned For School Children On Wedding Day

EACH PROVINCE REQUESTED TO DECLARE NOV. 29 HOLIDAY IN HONOR OF EVENT

Joining with United Kingdom educational authorities, a holiday for school children throughout Canada on November 29, on the occasion of the wedding of Princess Marina of Greece to the Duke of Kent, youngest son of the King, is proposed.

In a telegraphic communication to the lieutenant governors of each of the provinces, Secretary of State C. H. Cahan states:

I have the honor to inform you that following the example of His Majesty, at whose expressed desire the educational authorities in the United Kingdom have declared November 29, the wedding day of His Royal Highness the Duke of Kent, to be a school holiday. His Excellency the Governor-General has requested the undersigned secretary of state to express to the lieutenant-governor of each of the provinces of Canada the hope that the educational authorities of each province may be pleased to arrange that school children be granted a whole holiday on that day in honor of the marriage of His Royal Highness and Princess Marina.

The local School Board are awaiting instructions for Edmonton regarding the proposed holiday.

The Golden Wedding anniversary of Mr. and Mrs. Levi Harber of Magrath, was celebrated Wednesday evening this week in the Garden City. Mr. and Mrs. Arthur Dahl were present from Raymond.

Your heart will go out to this lad who never knew he was an orphan—until they tried to take away from him the "dad" he loved. By all means see Jackie Cooper in "Pecks Bad Boy," at the Capitol Friday and Saturday. Your money's worth and then some.

The coast of California was lashed by terrific rain and wind storms over the week-end, while in the mountains mountains of snow piled up which kept highway crews busy battling them. Eight people were killed in the San Francisco bay district where trees were uprooted, fighting service disrupted, and general scene of desolation and destruction prevailed.

Mr. and Mrs. Depew Celebrate Wedding Anniversary

Mr. and Mrs. W. W. Depew celebrated at dinner at their home in Raymond, Sunday Nov. 18th in honor of their 36th wedding anniversary. The table was beautifully decorated with Chrysanthemums. Covers were laid for 24. Those present were Mr. and Mrs. Gowan and family, Mr. and Mrs. C. W. Peterson, and family, Mr. and Mrs. J. L. Evans and family, Mr. and Mrs. Bud Fisher, Mr. and Mrs. Warren Depew Jr., Ralph and Maude Depew and the Misses Haze and Maude Depew. Games were enjoyed during the evening and the happy couple was presented with a beautiful Thanksgiving Menu by the family.

Our First Winter Snow

After skiffs of snow Friday, Saturday and Sunday nights, a big winter took the reins Monday night, and when daylight arrived Tuesday morning, the ground was covered with four or five five inches of snow, some drifting was taking place, and the thermometer had done a nose dive over what the beautiful weather had been for the past month or five weeks previous. Snow continued to fall most of the day Tuesday, clearing off toward Wednesday morning after 8 or ten inches had fallen.

The snow did not come, until all beets were out of the ground and in silos out of reach of any frost that we have had as yet. A heavy crop has been harvested, and will all be saved now, and while sugar content is down, tonnage is up over averages of other years, so that the crop will show a good per acre return.

Hauling of siloed beets from the Taber Barnwell district commenced this week, and local silo piles will be hauled in the next week or ten days according to expectation at present.

Unemployed gathered at the Civic election meeting, in heavy Monday night, and howled down the speakers as fast as they took the stand, except when Labor and communist candidates took the platform. No demonstrations took place, but the meeting had to dismiss the members even a lady candidate could not get a hearing.

Christmas is not far away, only about 25 shopping days left. My how the weeks slip away. If we wished for Christ may come sooner when we were kids, we change our wish when we get older, because it nearly always catches us with a put pocketbook.

Don't forget your Xmas Cards. Order early and avoid disappointment. Our stocks have never been better, and prices are lower than we have ever sold them. Come in and see our distinctive lines. We know they will please you.

ARE WE DOING OUR SHARE?

We have used up a considerable amount of ink, and justly so, in trying to get people to trade in Raymond. This is where it should be spent. It is the merchants in business who have carried all of us during the lean years, and the industries and farm lands surrounding Raymond that have furnished us our income in fat and thin years and consequently, Raymond is entitled to the lion's share at least of our trade in return for these things.

But, Raymond business houses should bear in mind, that if they expect to keep business here, they have a definite and clear-cut responsibility in giving their customers, service, price and quality in everything they offer them over the counter. Variety must be offered, prices clipped to city levels, excess profits must not be expected, & hundreds of goods, rather than percent gain on each article must be the starting point of operation.

To sit by and lament because the great road takes so many to the city will not fatten the wallet of the cash register. They must be here, it had to come

as a consequence of the progress of the age, and it is here to our advantage, we would not like to be without it. It can be used to great advantage in meeting the needs of the day, and can help us all if we make it work for us.

Without any intention of trying to tell people how to run their businesses, perhaps we could repeat a few of the things that have come to our ears, following some of our pleas for trading at home.

As people are out size, either smaller or larger than the usual run of sizes, and these people dislike the tedious waits that occur when clothes have to be sent for by special orders. Others are hard to fit in color and cut of clothes, and they seek a wider assortment to be satisfied. Again in small wares, and if found are higher in price many items can not be found, than they feel justified in paying, and in obtaining these small wares, the also get their larger needs, or at least some of them, away from home.

Now, Mr. Business man, don't be offended. These are all problems that the present age forces upon us. By means of the cars, aeroplanes, etc., distances have been practically annihilated. People will be served. If we fail to satisfy them in our sphere, they will go elsewhere, and will be satisfied. The situation is not insurmountable. These advantages will serve us as well as the larger centres, providing we put them to work for us. It is a known fact that some smaller centres have people coming from cities and big towns to trade with them because they get what they are looking for good merchandise, good variety to choose from, service and price. These are the things the trading public demand these days, and the store or group of stores working to give them, are the ones who will get the business.

Fundamentally, we believe that Raymond people would rather trade in Raymond, than any place else in Canada. This is their home, and they want to see it grow and prosper. They realize too, that in order for it to grow, business must be maintained and enlarged. But, the

12. SOME CANADIAN TRAPSHOOTERS

HERE are a few personalities amongst trapshooters on the Pacific Coast, which will be of interest to you.

True Oliver, Ladner, has quite a record as a day-buster, having won the B. C. Championship on seven different occasions: 1907, 1910, 1911, 1914, 1925, 1927 and 1931.

True was one of the first life-members of the Amateur Trapshooters' Association and was a member of the Canadian Olympic Team Shooting at Antwerp, Belgium, in 1920. In 1925 he captured the Pacific Coast Zone Handicap title with a score of 92 x 100 from the 18-yard line. He represented B. C. at the Grand American Handicap shoot held in Chicago in 1921 and in the Champion of Champions' race broke 194 x 200, breaking his first 112 straight.

C. W. (Bill) McLean won the B. C. Championship in 1928 with 193 x 200 and the all-around Championship with 330 x 350 and was runner-up in the doubles with 44 x 50. He also captured the title in 1929 with 191 x 200 and was runner-up in the doubles with 45 x 50 and in the all-around championship. In 1930 he won the handicap trophy with 96 x 100 shooting from the 21-yard mark and in 1935 won the handicap from 20 yards with a perfect score, 25 x 25. Bill also

has won the city championship on three occasions, 1930, 1931 and 1933.

D. V. (Doug) McGary of Victoria has also a fine record, having won the B. C. Singles Championship in 1930 with 192 x 200 and the all-around Championship with 330 x 350. In 1932, he won the Singles Championship with 98 x 100, winning from his team-mate, John Wenger, after a shoot-off, Doug making a possible 25 against John's 24. In that year he also was victorious in the Skeet Championship with 45 x 50. In 1932, he won the State Championship of the Pacific Coast at Lake Crescent with a score of 394 x 400, the all-around Championship of the Pacific Indians and was second in the World's Championship Shoot at Los Angeles with 198 x 200. He has won the Vancouver Island Championship on two different occasions and has enough trophies to fill a good-sized room.

If you have clipped and kept the preceding eleven articles in this series, you have now a fair outline of Skeet, the sport that is so rapidly gaining ground here, a number of clubs having already been formed from coast to coast. Further information will gladly be sent to you upon application to "Dominion Marksmen," Box 1260, Montreal, P.Q.

WEEKLY LETTER

FIRST ANNIVERSARY OF THE WEEKLY LETTER AND A BRIEF REVIEW OF SOME INTERESTING BULLETINS

The first anniversary of the Lethbridge experimental Station weekly letter comes this week. Since the first issue a year ago this letter has appeared each week in daily and weekly newspapers throughout southern Alberta and has by now become established as a ready medium for supplying timely information to farmer readers in the area served by this station. Earnest effort has been made to make these letters useful and interesting and editors for the most part have been good enough to publish the letter each week. Their cooperation in this is gratefully acknowledged.

The object of the letter as outlined in the first issue has been to tell what goes on in the various departments at the station and to give some account of the daily work in the fields and gardens and with the live stock, poultry and bees. This original purpose has to a large extent been adhered to, though material used has been drawn from other available sources and in dealing with a major problem such as soil drifting, most of the information supplied has been collected in areas where soil drifting has occurred.

A number of farmer readers have asked the letter to be sent directly to them each week but this has not been possible with the limited means and office help available, so to avail themselves of these letters regularly, farmers must be referred to their weekly newspaper or to one of the dailies that carry the letter on their farmer page each week.

The letter has served to some extent in establishing a closer relationship between this station and people on the farm. Increased correspondence is evidence of this. However, it is believed many readers could make even greater use of the services this station has to offer and particularly the large number of bulletins, pamphlets and circulars that are available. These deal more exhaustively with the various subjects of farming than is possible in the weekly letter

& should provide useful as well as interesting material for reading and studying during the winter months ahead. Bulletins may be obtained by writing to the Lethbridge station, or to the Publication's Branch, Department of Agriculture at Ottawa. Letters addressed to the Department at Ottawa do not require postage, but postage is required for letters addressed to the Lethbridge station.

The publications available provide excellent material for the farm library and an index book issued by the Publication's Branch gives a system classifying publication for future reference and study. The system is very simple and provides for numbering and filing material as it is received. Value of information often depends on having it where it can be found when needed and for this reason the index book, issued by the Publication's Branch should be very useful.

The publications available for distribution include bulletins, pamphlets and circulars on field crops, live stock, dairying, orchard and gardening, insects and plant diseases, poultry, household and miscellaneous besides various reports and acts, orders and regulations affecting agriculture. A list of these publications may be obtained by writing to the Department at Ottawa.

Stake Supt. T. Geo. Weed, with Ira McBride, Lyman Jacobs, J. H. Blackmore and Arthur Spencer, all members of his Board, visited the Sunday School at Tyrell's Lake and Wrentham on Sunday last.

With the Carnival dates approaching, activity in ticket selling and organization is growing, and with the improvement in financial conditions, it is expected that the Carnival will be the biggest success it has been for years. Here is a chance to help a good and worthy cause. Be out on Dec. 6 and 7.

A liberal coat of tar and feather was applied to a Calgary communist near Innisfree on Friday. He had taken an active part in the grain strike in that area, and it is thought this was the cause of his maltreatment. Telephone, telegraph, good roads, Police are seeking the guilty.

The unemployed in Calgary are still causing a tense situation, the author ties not knowing just what to expect, and being unable to act until it happens.

The Magrath Store News is yelling because the Government doesn't gravel the highway thru their town, and not ask the Town for any pay for it. Maybe they need a stretch like the town and the M.D. together have to keep up, then they would have plenty to worry about keeping gravelled.

A wounded grey goose flew home to Jack Miner's sanctuary and died as Mrs. Miner held him. He staggered up the path and to the door with his last remaining strength, returning to those who had shown him kindness. How far he flew after being wounded could not be ascertained.

Clarence and J. U. Allied left last Friday for a motor trip to Utah, and will be away several weeks.

Frank Rutten has rented the Green Lantern premises and is opening shortly. Watch for a detailed announcement.

H. A. McKean, with number 83 was the lucky winner of the \$20.00 at the Capitol, Wednesday night. The picture "State Trooper" was a very enjoyable production. Bank night next week is on Thursday.

The Philline Islands were in the path of a terrible hurricane and typhoon on Saturday, and death took an estimated toll of 225 persons according to report. The Red Cross and other organizations are trying to alleviate suffering and care for the homeless.

WHITE FIGURES ON RED GROUND NEW AUTO PLATES

The colors for the 1935 auto license plates will be the same as at present in use with the distinction that they have been reversed, the new ones having the figures in white on a bright red ground. This announcement has been made by Mr. E. Thowbridge, the deputy provincial secretary, and one can get the idea by noting the 1934 plates for Saskatchewan, British Columbia also reversed their colors for next year having chosen blue figure on white, while Saskatchewan cars next year will wear black plates with white numerals.

**George Fromm**
Your Local Jeweler**SHE ATE ALL-BRAN
TWELVE YEARS WITH
FINE RESULTS**Delicious Cereal Relieves
Constipation

Read this very enthusiastic letter:

"Something like eleven or twelve years ago, I began eating Kellogg's ALL-BRAN. When I started, it was called simply Kellogg's Bran, and I believe it was one of the first products of the kind on the market.

"My friends often laugh at my fondness for ALL-BRAN. It gives such a clean taste in the mouth, and I do not feel satisfied until I have had my ALL-BRAN.

"If the Kellogg Company should ever stop manufacturing ALL-BRAN, here is one who would be greatly disappointed."—Miss Amy Person (address furnished upon request).

Science says that ALL-BRAN provides "bulk" to exercise the intestines, and vitamin B to further aid regularity. Also iron for the blood.

The "bulk" in ALL-BRAN is much like that of leafy vegetables. How much safer than taking patent medicine—often harmful. Just eat two tablespoonfuls daily for most types of constipation. For serious cases, try it three times daily. If not relieved this way, see your doctor.

Sold in the red-and-green package. At all grocers. Made by Kellogg in London, Ontario.

Results are what count. We grudgingly give attention to those things which we hope will bring about the desired results, but our real interest is not in the training for the race, but what happens at the race—the result.

To have strenght and vigour, you must eat the right kinds of foods. It is not the foods in which you are interested, but rather what happens to these foods. Will they give you the health and strength you need to make life more pleasant for you?

The mouth is more than a receptacle for food. It is a mill where the teeth grind our foods so that the digestive juices may get at the little pieces more easily. While the teeth are grinding, saliva is mixed in with the food, not only to lubricate the way and so make swallowing easy, but to start the digestive of starchy foods.

The only acid secretion of the body is found in the stomach. Those who complain of an acid or sour stomach would have some real cause for complaint if their stomachs were not acid. It is the acid gastric juice which begins the digestion of meats and other protein foods. Those who have feared to eat cream on their acid fruits, for fear of curdling will be relieved to know that there is a substance—rennin—in the gastric juice which curdles milk in preparation for its digestion later on.

The stomach contracts and mixes the foods with its digestive juices, but it is the protein foods which the chiefly changed. Sugars, starches and fats are not digested in the stomach. Those who believe that bread and potatoes should not be eaten at the same meal as meat, fish or fowl, argue that the presence of these two kinds of foods—proteins and carbohydrates—interfere with each other's digestion. There is no scientific evidence to support this argument, while there is such evidence to show that gastric digestion is improved when the two are mixed.

The foods leave the stomach well mixed and ready for the major part of digestion which occurs in the small intestine. There the surroundings are alkaline, and there are present a number of digestive juices from the pancreas, liver and the intestine itself. It is the small intestine which completes the work by converting the foods in to the blood stream; they are then carried to the tissues of the body, which tissues build up from these same simple elements their own complex structure.

What is not absorbed is passed along to the large intestine, and some further absorption there takes place. The waste collects low down in the large bowel or colon, whence it is expelled at intervals, thus ridding the body of useless waste material.

Questions concerning Health, addressed to the Canadian Medical Association, 184 College St., Toronto, will be answered personally by letter.
